

MODIGENT™

All ways forward.

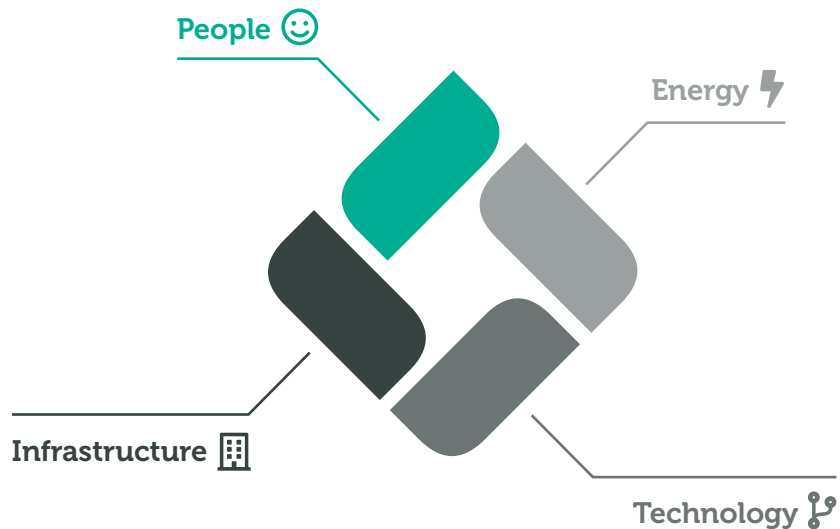

Welcome to the perfect balance of intelligence and innovation.

Modigent is a state of constant alignment between professionalism, experience, and commitment to customer success. Operating in innovation mode, we are intentional in how we address and creatively solve challenges, and move the communities we serve forward.

MODIGENT

[= Intelligence + Innovation + Moving Forward]

The Modigram

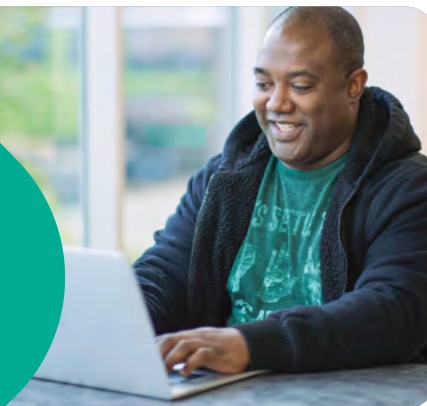

Our logomark is comprised of four distinct blades that represent the four pillars we're building our operations around moving forward. Beginning with our people and the many lives we touch, our mark visually defines our commitment to pursuing the infrastructure, technology, and energy solutions that, together, enable us to build the future.

All ways **forward.**

Driving ahead,
to define
what's
next.

Infrastructure

We enable businesses and communities to thrive with sustainable, efficient, design-build mechanical and controls system solutions.

Technology

Our holistic solutions seamlessly integrate with multiple building systems creating safe, intuitive, and future-proof workplaces.

Energy

We're improving the communities we serve by minimizing the carbon impact of our activities and those of our customers and suppliers.

Our people move us forward.

As a people-centric company, we prioritize every person in each of our Modigent companies, designing our processes and policies around them to inspire personal growth and professional development. By fostering an inclusive environment that allows everyone to succeed, we have built a culture in which our people come to work every day ready to lead the industry forward.

We are an extension of our customers.

As a strategic partner, we seamlessly work with customers during all phases of a design-build project, considering everything from budget to logistics to service. In collaboration, we craft best-in-class processes that optimize systems. Our infrastructure, technology, and energy solutions elevate every facility occupant's experience and enable our customers to thrive.

Thoughtful innovation for every community.

The innovative infrastructure solutions we deliver are not for us, but for the generations to come. We embed ourselves into the communities where we work to elevate the experience of all who enter a public space, workplace, or school. To give back, we build responsibly and bring sustainability to the people and the environment of the communities in which we work and live.

WE ARE A MODIGENT COMPANY.

Together, as companies operating under one name, we share a responsibility to uphold what our brand stands for – being people-centric, innovative, and committed to quality. Although each company offers unique capabilities, we are integrated and collectively driven to express the business intelligence defined by our new name.

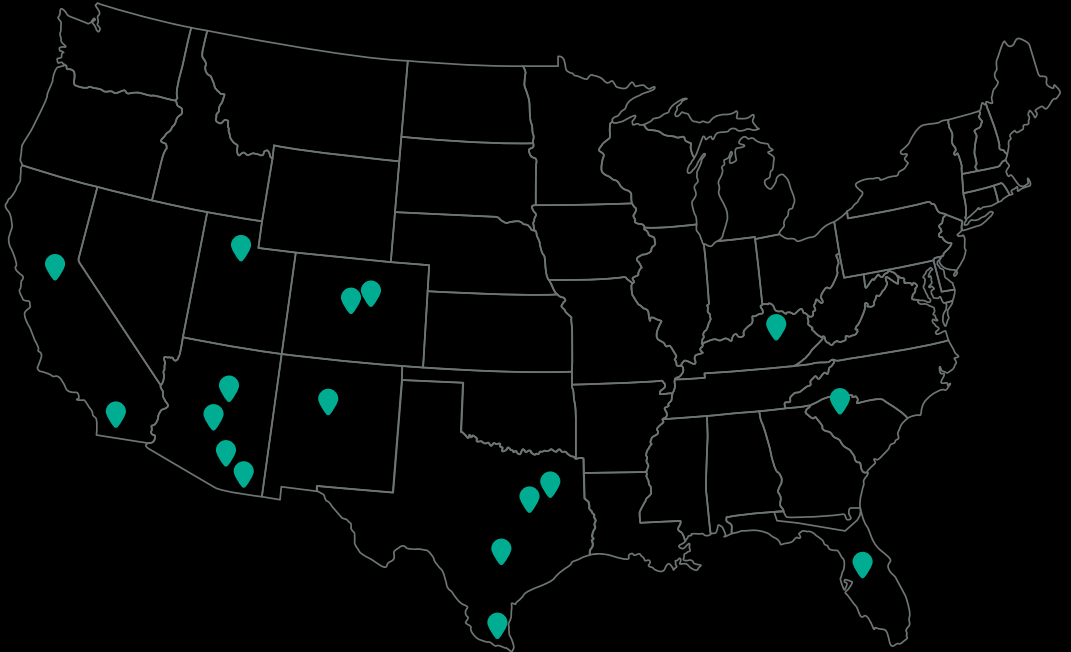

We are all Modigent.

MODIGENT™

All ways forward.

Our mission includes a commitment to never stop innovating for our customers. In every way possible, we create the solutions and conditions that empower our people and customers to help communities see a sustainable future ahead.

From coast to coast, we're delivering sustainable answers. With a growing number of specialty companies under the Modigent name in every type of community, we offer a comprehensive suite of capabilities and provide solutions that create safe, intuitive, future-proof workplaces, and enable each of the communities we're in to flourish.
